Curriculum Vitae

The curriculum vitae is limited to **three (3) pages** and is required of all project directors and co-directors. <u>The following information must be provided in the order and format specified below: (use the margins (0.5"), font (Arial) and size (11pts) used throughout this document)</u>

Education

The applicant's undergraduate, graduate, and post-doctoral education, as specified below:

•	Undergraduate institution	major	degree and
			year
•	Graduate institution	specialization	degree and
			year
•	Postdoctoral institution	specialization	date (years)

Professional experience

A list, in chronological order, of all academic and professional appointments, beginning with the current one.

In the last five years, indicate:

Publications¹

- A list of 5 recent publications that most closely relate to the proposed project.
- A list of 5 recent significant publications, whether related to the proposed project or not.

Presentations

- A list of 5 recent presentations that most closely relate to the proposed project.
- A list of 5 recent significant publications, whether related to the proposed project or not.

Subsidies

- Provide a list of all proposals for external funds (state, federal or private agencies) <u>awarded</u> during the
 years as a researcher at the Río Piedras Campus. For each proposal, indicate the title, agency, budget
 obtained, and period of validity. For each current proposal, indicate the relationship, if any, to the project
 proposed for this application.
- Provide a list of all proposals currently under <u>review</u>. Indicate the title, agency, budget obtained, and possible start date. Also indicate the relationship, if any, to the project proposed for this application.

¹Each identified publication must include the names of the authors (in the same order as they appear in the publication), the article title, the book, newspaper or journal title, the volume number, the page numbers, and the publication year. Only include those already published or accepted for publication. Patents, copyrights, software systems and creative works must be included within the publications list. **An additional list for publications or creative works must not be added.** Only the requested list of 10 publications will be used when evaluating the proposal.

Graduate and undergraduate students you have supervised

A list of graduate and undergraduate students you have supervised, strictly on research projects. Indicate
the title of the research for each case. For graduate students, indicate the thesis or dissertation title that
is related to the project proposed for this application, if applicable.

Collaborators and other affiliations

- Collaborators. An alphabetical list of all persons (including their current organizational affiliations) who
 are or will be collaborators with the proposer, or co-authors with the applicant, on projects, books, articles,
 reports, abstracts or papers during the 5 years preceding the formulation of this proposal. Include the
 collaborators for this proposal; if none, state so.
- Graduate and postdoctoral advisors. Include the names of the applicant's graduate advisors and major postdoctoral sponsors, with their current institutional affiliations.
- Thesis Advisor and Postgraduate Sponsor. Include a list of all people (with their institutional affiliations)
 for whom the applicant has been a thesis advisor or postgraduate sponsor in the last 5 years. The total
 number of graduate students under your supervision and sponsored postdoctoral students must also be
 stated.

Note: This information will be used to prevent or avoid potential conflicts of interest during the selection of evaluator.
